Johnsie and Ron,

Tala had issue with the reference and ambiguity in the 3rd paragraph statement. Would it be acceptable to change:

Hi Hwa,

Since I am no longer an EPA employee and I do not have the amount of time needed to devote to this EPA task, can you please take the two documents attached and create a summary of the changes for Ron? Feel free to contact me with any questions.

Thanks,
Johnsie

Hi Ron,

Is this required of everyone or are you placing this requirement only on me?

Given the number of comments, I had asked for an itemized list of changes. I do not see that?

Good morning,

I have received comments from both OPPT and OW on ORD-032261 Lang et al. There were no policy concerns, but several “sensitivities” were addressed.

Please consider all of the above and revise the manuscript accordingly. Once a revision is ready, please return both the revised manuscript and fact sheet to me. I will upload that version of the manuscript into

the STICS record and if I feel you have adequately addressed all of the comments, I will clear the manuscript for journal submission.
